

Terms & Conditions of Participation

Status: Summer semester 2022

Registration deadline/ Course withdrawal

The registration deadline for Career Service seminars and lectures is two days prior to the event. At the time of the registration deadline, withdrawal from the course will then be blocked. *Course members and students on the waiting list must deregister by this time if they are no longer interested in attending!*

Subsequently, a deregistration is no longer possible and the participation in the seminar/lecture is obligatory if you are a member. This is the only way we can guarantee that students on the waiting list will be able to take advantage of free places. For the seminars & lectures we hire professional trainers in whose seminars we want to enable as many students as possible to participate. Depending on the capacity of the respective event, non-attendance may lead to a blocking of participation in further events!

Registration process

For the first 48 hours after the start of registration, all registrations for events with limited places will be collected on a waiting list and subsequently drawn by StudOn. Afterwards, free registration is possible. If the webinar or lecture is already full after the first 48 hours, all further registrations will be placed on the waiting list and will automatically be moved up according to the registration time if registered participants drop out. *Therefore, please pay attention to the system mail from StudOn, which informs you about a confirmation of the course!*

Technical information for participation

You will receive the access data for digital events via StudOn the day before the event.

Eligibility

All students in the School of Business, Economics and Society who are not blocked may participate in the events.

If you are not one of these people or are blocked for the seminars/lectures this semester due to unexcused absence, please do not register for the events!
